

1-place galvanized steel bike rack h109221

Galvanized steel bike rack, single place. Available in ground-embedded or bolt-down versions. Dimensions 86x100x960h mm. 100% Made in Italy.

Single-place bike rack with a **simple and functional design**, it can be positioned in both urban centers and apartment buildings. The compact structure facilitates side-by-side installation.

The urban furniture bike rack is **made with 100x86 mm plates** suitably bent and welded together, at a sufficient distance to insert the front wheel of the bike. To ensure greater safety, this product is equipped with a **removable handle** to lock the bike with a padlock.

All steel parts are **galvanized and powder-coated** with thermosetting polyester in various RAL colors.

To adapt to any ground, this product is available with the following fixing types:

- **ground-embedded**
- **bolt-down (base equipped with holes for anchoring)**

Technical features:

- Dimensions: 86 x 100 x 960 mm (W x D x H)
- Structure: in galvanized steel
- Number of places: 1
- **Available in various colors**
- **Italian Product**
