Modular kindergarten desk h908_161

Semi-circular table for kindergarten in steel and laminate, 130x64x53 cm. Ideal for creating modular and collaborative learning islands.

The **h908_161 half-round table** represents a specific technical solution for furnishing preschool educational environments, such as kindergartens and nurseries. Its semi-circular geometry is designed to optimize the organization of educational spaces, allowing the creation of **collaborative work islands** that encourage interaction between children and facilitate supervision by educators during group activities.

The construction is based on a solid **steel tube frame with a 40 mm diameter**, treated with aluminum-colored painting to ensure high resistance to mechanical wear and detergents. The worktop is finished in an ivory shade and features **scratch resistance** and ease of sanitization, making it suitable for creative workshops, handling, and drawing.
