

10-place coat rack with metal hangers h908_195

Children's coat rack h908_195 in melamine and metal, length 200 cm, 10 places. Space-saving wall-mounted solution for schools and nurseries.

The **h908_195 children's coat rack** is a furnishing accessory designed to optimize the organization of common spaces in educational and recreational contexts. Thanks to wall mounting, it allows for managing the order of jackets, backpacks, and accessories without cluttering the floor, guaranteeing a safer and easier-to-clean environment.

The structure combines a **high-density melamine** board with ten **ultra-resistant metal** hangers, offering a surface that is easy to sanitize and superior mechanical strength, necessary for the intensive daily use typical of school facilities.
