Rhombus school desk 4.0 h 76 cm h908_130

Modular rhombus school desk in steel and recycled wood. Dim. 134x80x76 cm (G6). Ideal for School 4.0 classrooms and modular configurations.

The **modular rhombus desk h908_130** has been designed to evolve educational environments towards **School 4.0** models, favoring the creation of versatile and interactive spaces. The specific rhombus geometry allows for advanced modularity, allowing multiple units to be placed together to facilitate **group work**, debate and collaborative activities, overcoming the rigidity of the classic frontal arrangement.

Solidity is guaranteed by a **steel tube structure with a diameter of 40 mm**, capable of withstanding the stresses typical of intensive school use. The worktop is made of **100% recycled wood**, an ecological choice that fully respects the **CAM requirements** (Minimum Environmental Criteria). With a height of **76 cm (size 6)**, the desk ensures correct ergonomics for high school students, promoting postural well-being during lesson hours.

Technical characteristics

- **Total dimensions:** W. 134 x D. 79.5 x Side L. 80 x h. 76 cm
- **Size:** 6 (school regulations for high schools)
- **Geometry:** Rhombus-shaped modular model
- **Frame:** Ø 40 mm steel tube legs
- **Worktop:** 100% recycled wood ecological panel
- **Standard color:** Orange
- **Sustainability:** Compliance with CAM requirements

Optional: It is possible to request alternative colors for the worktop by choosing from the variants in the available color chart, upon request for a personalized quote.
