Tool trolley case h931_14

Tool trolley equipped with Ø 120 mm diameter wheels with waterproof shielded ball bearings. Dimensions: W. 39 x D. 34 x H. 47 cm.

The **tool trolley case** is designed to meet the tool, power tool, and spare parts transport needs of users. Made of **polyethylene** . The **aluminum sealing** profile is high thickness, while the **reinforced corners** ensure durability during transport, especially in air travel situations. Thanks to the **vertical** design, the case is easily portable and manageable, making it the ideal choice for those who need efficient and secure organization of their tools. The product is equipped with **2 approved TSA locks** and a **spacious bottom** for tools.

Technical features:

- Dimensions: W. 39 x D. 34 x H. 47 cm
- 2 ergonomic rubber-coated handles
- Telescopic handle
- Ø 120 mm diameter wheels with waterproof shielded ball bearings
- Bottom for tools, power tools and spare parts
- Gas lid support arms
- Document holder pocket
- 2 approved TSA locks
- Weight: approx. 8.70 kg
- 1 tool-holder panel with elastics on two sides
- 1 tool-holder panel with elastics on one side
