Work briefcase h931_12

Tool bag with polyethylene shells with built-in feet, roto-moulded. Dimensions: W. 42.2 x D. 18.5 x H. 32.7 cm.

The **tool case** is made with a **double-wall technique** and a high-density impact-resistant **polyethylene body**. This combination gives it exceptional resistance to both high and low temperatures and chemical agents, making it one of the most reliable options. The **TSA-approved** locks allow **authorized airport** personnel to inspect the luggage easily, thus avoiding possible damage to the locks. The case is equipped with **2 metal lid-holding arms**, a riveted metal **hinge** and an **ergonomic handle** covered in rubber.

Technical features:

- Dimensions: W. 42.2 x D. 18.5 x H. 32.7 cm
- Polyethylene shells with built-in feet, roto-moulded
- 2 TSA-approved locks with key
- 2 metal lid-holding arms
- Metal hinge riveted at multiple points
- Ergonomic handle covered in rubber
- Document holder pocket
- Storage bottom with adjustable dividers
- 2 tool panels with elastics fixed with a double-locking system
