

110-liter tray emptying bin h110_93

110-liter tray emptying bin, black painted steel, with tray storage edge and mobile magnetic wheels. For fast food and self-service.

The tray emptying bin is a functional trolley designed for high-traffic food environments where rapid waste management is critical. Ideal for **fast food, self-service, and snack bars**, it integrates a dedicated space for temporary tray storage, eliminating the need for multiple trips during service. The **black epoxy resin painted steel** structure ensures resistance to water and detergent washing, typical of the HoReCa environment.

Technical features

- **Capacity:** 110 liters
- **Material:** black epoxy resin painted steel
- **Tray storage compartment:** upper edge for temporary support
- **Waste access:** magnetic valve
- **Bag retention system:** elastic band
- **Mobility:** 4 wheels, magnetic trolley
- **Dimensions:** W 500 × D 540 × H 1255 mm
- **Weight:** 28 kg
