14-step agricultural ladder h693_29

Professional 14-step aluminum ladder, lightweight (9.50 kg) and sturdy. 150 kg capacity, 4m working height, EN 131.1 certified for intensive use.

The **professional aluminum ladder** with 14 steps (including the work platform) represents an excellence solution for operators requiring **safety, sturdiness and maneuverability**. Designed for intensive use in industrial and craft contexts, this structure combines a maximum capacity of **150 kg** with an extremely low weight of only **9.50 kg**, facilitating transport and positioning operations. The configuration allows reaching a working height of **4 meters**, with a total ladder length of 400 cm and a base width of 98 cm.

Built in compliance with the **EN 131.1** standard, the ladder has passed strict mechanical resistance tests involving over **50,000 work cycles**. Structural integrity is guaranteed by **aluminum profiles with a 2.5 mm reinforced section** and 3x3 cm riveted rungs, designed to withstand constant stress without flexing or sagging.

Technical features

- **Number of steps:** 14 (including work platform)
- **Maximum capacity:** 150 kg
- **Maximum working height:** 4 m
- **Weight:** 9.50 kg
- **Ladder height:** 400 cm
- **Ladder width:** 98 cm
- **Rungs:** 3x3 cm high-resistance riveted
- **Profiles:** increased and reinforced 2.5 mm section
- **Feet:** oversized non-slip PVC foot pads
- **Stability:** standard stabilizer base
- **Safety:** anchoring system included
- **Reference standard:** EN 131.1
- **Certification:** certificate of conformity and testing included

Optional extras available on request:

- Pair of vertical landing handrails
- Pair of standard landing handrails
- Pair of side handrails
- Additional stabilizers
- Ladder rest

Image purely indicative

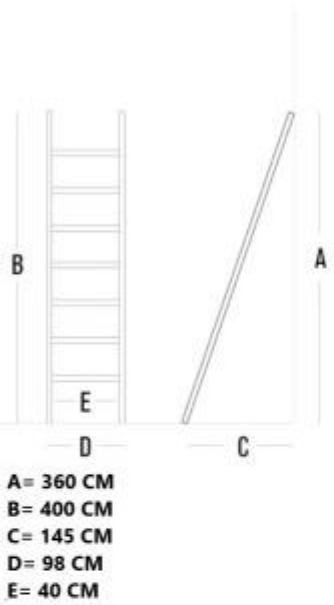

INFORMATION

- **Number of steps** 14
