

1.7L Electric kettle h220_303

Professional electric kettle in **glass and stainless steel** with a 1.7-liter capacity and scenic **blue LED lighting**. 2.2 kW power for fast boiling, 360° cordless base and advanced safety systems. Ideal for offices, studios and breakfast rooms.

The **1.7-liter glass electric kettle** combines cutting-edge aesthetics with professional performance, making it the perfect accessory for offices, professional studios and hospitality facilities wishing to stand out. The body is made of **heat-resistant borosilicate glass** and stainless steel, materials that guarantee maximum hygiene and flavor neutrality. The distinguishing element is the **blue light illuminated base**, which transforms boiling into a suggestive visual effect, clearly signaling the device's activity.

With a power of **2.2 kW**, the kettle brings water to 100 °C in a very short time. Practicality is maximized thanks to the 360° contact wireless connection, which allows the carafe to be lifted and replaced from any angle. Safety is guaranteed by the **automatic boiling stop** and protection against dry running, while the integrated limescale filter ensures consistently optimal water quality, even in cases of intensive and frequent use.

Technical characteristics

- **Capacity:** 1.7 Liters (Minimum 0.5 L)
- **Power:** 2.2 kW / 230 V / 50/60 Hz
- **Materials:** Heat-resistant glass, Stainless Steel and robust plastic
- **Lighting:** Blue LED integrated into the base (active during operation)
- **Safety:** Automatic shut-off upon boiling and boil-dry protection
- **Interface:** ON/OFF switch and electronic lever
- **Ergonomics:** Safe transport handle and 360° cordless base
- **Hygiene:** Integrated limescale filter
- **Dimensions:** W 160 x D 230 x H 235 mm
- **Cable length:** 64 cm
- **Weight:** 1.3 Kg
