

18/10 stainless steel hand wash basin h242_118

18/10 stainless steel wall-mounted hand wash basin with bracket. Dimensions: W 40 x D 31 x H 14 cm.

The **18/10 stainless steel hand wash basin H242_118** is a compact and efficient solution for **hand washing in professional contexts** such as industrial kitchens, food laboratories, clinics, and spaces where hygiene is a priority.

It is made entirely of **AISI 304 (18/10) stainless steel**, a material resistant to corrosion, durable and easy to clean. The small dimensions (40 x 31 x 14 cm) make it **perfect for installations in limited spaces**, while still ensuring functionality suitable for frequent hand washing.

The hand wash basin is supplied with a **mounting bracket for wall fixing**, offering a stable and secure installation. The suspended design also allows for **easy cleaning of the floor underneath**, contributing to the maintenance of hygiene standards.

This model is designed for those looking for an **essential yet high-quality solution**, without superfluous components, ideal in environments subject to health inspections.

Choose the **H242_118 hand wash basin** for professional hygiene in compact spaces. Contact us for dedicated offers on multiple installations.
