

18/10 stainless steel service trolley h314_153

h314_153 service trolley in 18/10 stainless steel with 3 soundproofed pressed shelves. Dimensions 1100x580 mm, 90 kg capacity and non-marking wheels.

The **h314_153** service trolley is a professional solution designed for logistical efficiency in HoReCa, healthcare, and industrial contexts. Made entirely of **18/10 stainless steel**, this tool combines a robust 25 mm round tube structure with three tray-shaped pressed shelves. Each shelf features perfectly rounded surfaces, including the lower edges, to eliminate critical dirt accumulation points and ensure maximum operational safety. Thanks to the **integrated soundproofing system**, the trolley drastically reduces noise pollution caused by vibrations during the transport of crockery or metal equipment.

Technical characteristics

- Construction material: 18/10 stainless steel (AISI 304) with satin finish
- Supporting structure: round tube with 25 mm diameter
- Configuration: 3 soundproofed pressed tray-shaped shelves
- Safety: rounded edges and grey rubber corner bumpers
- Mobility: 4 swivel wheels in grey non-marking rubber Ø 125 mm
- Useful shelf dimensions: 1000 x 500 mm
- Total overall dimensions: 1100 x 580 x h 900 mm
- Load capacity: approximately 90 kg (distributed load)
