

18/10 stainless steel service trolley h314_155

18/10 stainless steel service trolley with 2 reinforced tray shelves, 240 kg load capacity and 125 mm non-marking swivel wheels. The **h314_155** service trolley is a professional solution designed for intensive handling of heavy loads in environments requiring high hygienic and structural standards. Entirely made of **18/10 stainless steel**, the trolley combines a robust tubular structure with pressed tray shelves, optimized to prevent liquids or objects from falling during transport.

Technical characteristics

- **Material:** 18/10 stainless steel (AISI 304) with high resistance
- **Structure:** Round tube with 25 mm diameter
- **Shelves:** 2 pressed tray-shaped shelves with rounded and raised edges
- **Reinforcements:** Reinforced shelves to withstand high mechanical stress
- **Mobility system:** 4 non-marking gray rubber swivel wheels, 125 mm diameter
- **Protection:** Soft rubber corner bumpers to preserve walls and furniture
- **Total load capacity:** Approximately 240 kg distributed
- **Shelf usable dimensions:** 1000 x 500 mm
- **Overall dimensions:** 1100 x 590 x h.900 mm
