

2-bike parking rack h915_15

2-seater bike rack, space-saving. Dimensions: W. 300 x D. 200 x h. 800 mm. In painted steel.

Innovative solution **for parking 2 bikes** in public spaces and common areas, the **bike rack** is characterized by a **modern and space-saving design**. To use it, simply insert the bicycle pedal into the special opening on the rack structure. In order for the bike to be locked, the user must use a padlock to lock the rear wheel and the bicycle frame. This model offers several advantages, including the **total absence of special maintenance** and **adaptability to all bicycle models**. The **manufacturing material is steel**, with a finish achieved through 2 layers of paint: the first is an epoxy paint, which offers protection comparable to hot-dip galvanizing, and the second is a polyester paint, ideal for outdoor use. Installation is simple and requires **fixing to the floor** using screws and mechanical anchoring.

Technical features:

- Dimensions: W. 300 x D. 200 x h. 800 mm
- 2 spaces
- Material: painted steel
- Finish with 2 layers of paint (epoxy paint and polyester paint for outdoors)
- Color as shown in the photo
