

2-meter reception counter h526_24

Modern reception counter W 200 cm in melamine. Two-tone design with black transaction shelf, customizable counter, ideal for offices, hotels and professional studios.

The **h526_24 reception counter** is a newly conceived furnishing solution, designed to combine contemporary aesthetics and operational functionality. Made entirely of **melamine-faced wood**, the unit stands out for its characteristic transaction shelf, which allows for suggestive color combinations to perfectly adapt to the brand identity and the style of the environment. This reception solves the front-desk organization problem, offering an ergonomic work surface and an interface surface for the user, making it ideal for executive offices, medical studios and accommodation facilities seeking a professional and modern visual impact.
