

2-seater bike parking rack h140_538

2-seater bike rack for urban furniture in galvanized steel and Okumè wood. Dimensions: W 19 x D 8.5 x H 65 cm.

The **h140_538 2-seater bike parking rack** combines **functionality, safety, and aesthetics** in a compact and versatile design. Designed to **accommodate two bicycles** in an orderly and secure manner, it is suitable for both single installations and modular compositions to manage large bike flows.

The structure is made of high-resistance **galvanized steel**, with **Okumè wood slats**, a durable and naturally moisture-resistant material that gives an elegant and warm touch to the design. The combination of metal and wood creates an **aesthetic balance** capable of integrating harmoniously into both contemporary and historical architectural contexts.

The standard finish is **thermosetting powder coating in RAL 1018 zinc yellow**, which ensures high protection against atmospheric agents. Upon request, **custom colors and finishes** are available to adapt the bike rack to the urban or corporate context.

Thanks to its simple and safe line, the H140_538 model is easy to use, durable over time, and represents an ideal solution for squares, schools, companies, cycle paths, and residential areas.

Make outdoor spaces safer and more organized with the **H140_538 rack**: buy it now or request a quote for multiple supplies.

Technical features:

- **Design:** elegant, combining metal and wood.
- **Resistant** to corrosion and bad weather.
- **Usable** individually or in series for large spaces.
- **Available** in custom finishes to suit the context.

FAQ:

1. **How many bikes can it accommodate?**
Up to 2 bikes simultaneously.
2. **Can it be installed in series?**
Yes, it can be used individually or in groups to increase capacity.
3. **Is it rain resistant?**
Yes, thanks to the galvanized and powder-coated structure, it is suitable for outdoor use.
4. **Can I request it in a different color from RAL 1018?**
Yes, custom finishes are available on request.

5. Does it require special maintenance?

No, it only requires periodic cleaning to keep the wood and metal in excellent condition.

Short buying guide:

If you are looking for a bike rack that combines **strength and elegant design**, the H140_538 is an optimal choice.

The **galvanized structure** guarantees protection against rust and wear, while the **Okumè wood** adds aesthetic value and naturalness.

The 2-seater format is perfect for **small spaces** or for being modulated in series in public and private contexts.

The availability of **custom colors** allows it to be perfectly integrated into urban or corporate furniture.
