

2-seater spring rider h351_23

Spring rider with a cute camel shape. Number of seats: 2. Dimensions: L.120 x D.24 x H.100 cm.

Fun camel-shaped spring rider, ideal for playgrounds, public gardens and kindergartens. The product features an extremely robust structure built in compliance with the **EN1176-1:2017** standard. **The shape of the ride is made entirely of mass-colored PE-HD polyethylene**. The hand and foot grips are also made of polyethylene and their surface is non-slip to ensure a better grip.

The spring unit with 20 mm wire is tested and certified and is anchored at the ends via the Spring Disk system. The ground fixing support is provided by a sturdy galvanized steel frame which, buried and fixed to the spring-disk, guarantees the anchoring of the entire ride to the ground.
