

## 2-seater waiting room bench h776\_87

2-seater waiting bench in steel and polypropylene with anti-panic writing tablet and armrests. Robust structure for public offices and clinics.

The **2-seater bench h776\_87** represents a furnishing solution designed to combine mechanical resistance and ergonomics in high-traffic contexts. Ideal for **waiting rooms, medical clinics, public offices, and school environments**, this model addresses the need for collective seating that integrates a functional support surface. The load-bearing structure guarantees stability even on irregular surfaces, while the tablet with safety joint expands the possibilities of using the product in educational or administrative settings.

## Technical features

- **Configuration:** 2 seats with integrated armrests and writing tablet.
- **Total dimensions:** W 108 x D 75.5 x H 77.5 cm.
- **Seat height:** 44.5 cm, optimized for standard comfort.
