

2-shelf dressing trolley h576_41

Multipurpose 2-shelf dressing trolley, made of 18/10 AISI 304 stainless steel. Dimensions: L. 1000 x D. 600 x h. 935 mm.

Inside hospitals and clinics, **dressing trolleys** represent a valuable support for staff as they allow the movement of all those instruments and materials for patient dressing. This model is made entirely of **18/10 AISI 304 stainless steel, easily washable and sanitizable**. The trolley structure is made of solid **tubular steel with a diameter of 25 mm**. The **2 fixed shelves** are equipped with a 15 mm **perimeter containment edge** and fixed with hidden bolts. Transporting the trolley is easy and immediate, thanks to the presence of **2 comfortable ergonomic handles** and **4 swivel wheels, 2 of which are equipped with brakes**.

Technical characteristics:

- Length: 1000 mm
- Depth: 600 mm
- Height: 935 mm
- Construction material: 18/10 AISI 304 stainless steel
- Tubular structure Ø 25 mm
- Number of fixed shelves: 2
- Shelves with 15 mm containment edge
- Shelves are fixed with hidden bolts
- 2 ergonomic handles
- 4 base wheels, 2 with brake
- Wheel diameter: 100 mm
