

2-shelf laminate service trolley h684_54

Professional service trolley in chrome tube and laminate wood, 89x47x92 cm, equipped with 4 swivel wheels and non-marking bumpers.

The **h684_54** service trolley is a versatile and elegant solution designed to optimize transport and distribution operations in professional contexts. The combination of the **chrome round tube structure** and the **laminate wood shelves** ensures superior structural stability combined with a sober design, suitable for integration into environments open to the public. Thanks to the integrated handling system, the trolley solves light internal logistics needs, ensuring fluidity and protection of surfaces.

Technical features

- Structure: Chrome round tube
- Shelves: 2 laminate wood surfaces
- Mobility: 4 swivel wheels Ø 100 mm
- Safety: 4 standard non-marking corner bumpers
- Overall dimensions: W.890 x D.470 x H.920 mm
