

2-shelf service trolley h09_258

AISI 304 stainless steel service trolley with 2 soundproofed tray shelves. Dimensions 90x60x94 cm, 100 kg capacity and multi-directional wheels.

The **h09_258** service trolley represents a professional solution designed to ensure hygiene, resistance and quietness in the most demanding operational contexts. Made entirely of **AISI 304 stainless steel**, this model stands out for its robust 25 mm diameter tubular structure, capable of supporting loads up to 100 kg without bending. The two tray-shaped pressed shelves feature rounded edges to facilitate sanitization and are equipped with a special **soundproofing treatment**, essential for reducing noise pollution during transport in dining rooms or hospital wards.
