

2 x 18 Tray Trolley 1/1 GN h21583

Double stainless steel tray trolley for 36 GN 1/1 trays (75x55x173 cm). Reinforced high-capacity structure, 300 kg load capacity and 4 wheels with brakes.

The “**Gastronorm**” **double tray trolley** is the ultimate solution for intensive logistics in large kitchens, corporate canteens, hotels, and cooking centers. Made entirely of **stainless steel**, this trolley solves the problem of massive storage of food preparations, offering a double-column configuration that simultaneously accommodates up to **36 GN 1/1 trays** (18+18). The choice of stainless steel guarantees total resistance to corrosion and rapid sanitization, essential requirements for maintaining HACCP standards. Despite the high load capacity, maneuverability is ensured by a system of four swivel wheels, all equipped with brakes for maximum static stability during loading and unloading phases.

Technical features

- **Material:** high-resistance professional stainless steel
- **Configuration:** double lane (2 x 18 levels)
- **Capacity:** 36 Gastronorm GN 1/1 containers
- **Total dimensions:** W. 750 x D. 555 x H. 1735 mm
