

20-drawer chest for nursery school h681_41

Nursery school chest of drawers in birch plywood (W136xD25xH81.5 cm). 20 drawers and open compartment, safe structure with rounded edges and non-toxic paints.

The **h681_41 chest of drawers** is a professional furnishing solution specifically designed for the organizational needs of nursery schools and kindergartens. The module responds to the need to manage large volumes of teaching materials or personal items in total safety, integrating an ergonomic design with high-resistance eco-sustainable materials.

Technical features

- **Total dimensions:** W 136 x D 25 x H 81.5 cm.
- **Structure material:** Birch plywood certified in class E1 (low formaldehyde levels), thickness 15 mm.
- **Configuration:** 2 vertical modules of 10 drawers each (total 20 drawers) with a central open compartment module.
- **Drawer details:** Made of 12 mm birch plywood naturally polished; 6 mm magnolia melamine bottom inserted with an interlocking system.
- **Upper top:** Shaped birch plywood panel (class E1) with full-radius rounded edges on the front.
- **Finishing and painting:** Processing cycle with double sanding, a filler primer coat and a final coat of 20-gloss matte transparent.
- **Safety:** Rounded edges and corners with a minimum radius of 2 mm and finishing with non-toxic water-based paints.
- **Base:** 8 raised non-slip ABS feet with square section (height 15 mm) for insulation from the floor.
- **Assembly:** Structural system using wooden dowels, cold vinyl glue and specific fixing screws.
