

25 L Voting Urn h972_94

25-liter electoral urn in transparent PMMA and aluminum, 30x30x25 cm. Key lock and handles for secure and portable document collection.

The **h972_94 ballot box** is a professional device designed for the **secure and organized collection** of ballots, survey forms, badges, keychains, or paper documentation. Thanks to its **25-liter** capacity and square base design, it integrates perfectly into contexts where anonymity or the protected custody of data and objects is required, such as offices, schools, universities, and public bodies.

The structure combines the **transparency of high-quality PMMA** with the robustness of **aluminum profiles**, offering full visibility of the content without compromising mechanical resistance. Security is guaranteed by a **key lock** system that prevents tampering, while the 115 x 10 mm top slot is sized for easy insertion of standard cards and ballots. Movement is facilitated by **two ergonomic side handles**, and stability is ensured by specific **non-slip feet**.

Technical features

- **Capacity:** 25 liters
- **Material:** PMMA (polymethyl methacrylate) with aluminum reinforcement profiles
- **Color:** Transparent
- **External dimensions:** W 30 x D 30 x H 25 cm
- **Insertion slot:** 115 x 10 mm
- **Locking system:** Key lock (included)
- **Structural safety:** Reinforced corners and high-seal hinges
- **Transport:** 2 integrated side handles
- **Stability:** Non-slip feet at the base
- **Net weight:** 2.33 kg
