

25 m floating pool lane divider h1009_05

25-meter floating lane divider h1009_05 for FINA swimming pools with Ø120 mm anti-turbulence PP disks and AISI316 stainless steel cable. For racing and training.

The **Floating pool lane divider h1009_05** with a length of 25 meters is a technical element for swimming facilities designed and produced in compliance with FINA facility rules, suitable for both competitions and training. This device meets the operational need to dampen wave motion generated by swimmers in 25-meter pools, ensuring optimal racing and sports practice conditions thanks to hydrodynamic disks specifically designed to reduce turbulence. Aimed at aquatic center managers, heads of competitively approved facilities, sports clubs, and race organizing committees, the divider consists of disks with a diameter of 120 mm (15 per meter) made of first-quality polypropylene (PP) with the addition of additives to offer high resistance to chemical and atmospheric agents. The entire 25 m line is assembled on a 6 mm diameter plastic-coated AISI316 stainless steel cable and is completed by high-density polyethylene (PE-HD) float balls, present at a rate of 6 per meter. The product is supplied as standard in blue, red, and white color combinations, with the possibility of requesting additional colors upon quote.

Technical features

- **Type and compliance:** Floating divider suitable for competitions and training, produced in compliance with FINA facility rules
- **Lane length:** 25 m
- **Disk material:** First-quality polypropylene (PP) with added additives for high resistance to chemical and atmospheric agents
- **Disk dimensions and density:** Diameter Ø 120 mm (15 disks per meter)
- **Disk function:** Designed to reduce turbulence
- **Assembly support:** Plastic-coated AISI316 stainless steel cable, Ø 6 mm
- **Floats:** PE-HD float balls (6 per meter)
- **Standard colors:** Blue, red, white
- **Optional colors:** Other colors available upon request and subject to quote
- **Stainless steel springs and tensioners:** (complete upon request and subject to quote)
