

3-hook hanger shelf h402_56

Wall shelf with dividers and 3 star-shaped plastic hangers, melamine-faced wood beech finish, 72x26x21h cm, pencil MDF decoration, rounded corners, safety ABS edges.

Wall shelf designed for pediatric environments and spaces frequented by children. It combines organizational functionality with a lively and cheerful design thanks to the star shape of the hangers and the pencil decoration. The structure in **melamine-faced wood conglomerate** guarantees solidity and durability, while the **beech** finish ensures a warm and natural look.

The product complies with safety regulations for pediatric environments: **rounded corners** and **safety ABS edges** eliminate risks of cuts or impacts. The structural thickness of **18 mm** supports stable loads. The pencil decoration in **laminated and pantographed MDF** adds an educational character to the furniture.
