

3-seater waiting room and conference room bench h1038_24

Three-seater waiting and conference room bench, without armrests. Polypropylene shells and painted steel structure. Dimensions: W 176 x D 52 x H 79 cm. Available in 6 color variants.

The **h1038_24 waiting room bench** is a three-seater collective seat designed to offer robustness and comfort in high-traffic environments. The structure consists of **injection-molded polypropylene shells**, shaped to ensure ergonomic seating, and a load-bearing frame in **semi-oval steel tube**. The frame finish is achieved through epoxy powder coating, which ensures high resistance to scratches and impacts. Thanks to the absence of armrests and the linear design, this bench represents the optimal solution for conference rooms and waiting areas that require a modular and efficient organization of space.
