

## 3-seater waiting room bench h933\_01

3-seater waiting room bench. Length: 150 cm. Plastic shell and painted steel legs.

The **3-seater waiting room bench** is a modern and functional piece of furniture, designed to ensure comfort and durability over time. With an overall **length of 150 cm** and a **weight of 20 kg**, this model is ideal for public spaces, such as offices, clinics or waiting rooms. The **shell**, made of injection-molded **plastic material**, features an elegant **black color** finish, which gives it a sober and contemporary look. The **V-shaped legs**, in **painted steel** with **RAL 9006 gray** epoxy treatment, provide stability and robustness to the structure, as well as an essential and refined design. The base is composed of an **80 x 40 mm central bar** with a **thickness of 3 mm**, guaranteeing solid and secure support even with frequent use. The combination of high-quality materials and ergonomic design makes this bench an excellent choice for those seeking a durable solution with a modern design.
