

3-shelf hospital trolley h559_01

Three-shelf hospital trolley for transporting medicines, instruments, and electromedical devices. Dimensions: W60 x D50 x H80 cm

Hospital trolley ideal for transporting medicines, instruments, and electromedical devices. Equipped with **three convenient reversible shelves** so that three edges can be used as anti-fall side guards. The structure features a **very solid base** with **side uprights in extruded anodized aluminum** that allow for adjusting the height and tilt of the shelves and **80 mm diameter swivelling wheels**, two of which are equipped with brakes. The **base and shelves are made of epoxy powder-coated sheet metal**. The trolley has a **very versatile structure and is practical to assemble**.

Technical features:

- Dimensions: W60 x D50 x H80 cm
- Shelf dimensions: W42 x D36 x H2 cm
- Weight: 14kg
- Load capacity: 30kg
- Material: aluminum and sheet metal
- With three height-adjustable and tiltable shelves
- With 80 mm diameter swivelling wheels, 2 with brakes
- Class 1 medical device compliant with the requirements of EEC Directive 93/42.
