

3-shelf service trolley h83325

Professional service trolley h83325 in stainless steel with 3 shelves, 95x51x94 cm. Load capacity 120 kg, welded joints and integrated bumpers.

The **service trolley h83325** is a professional tool designed to optimize workflows in HoReCa environments and industrial contexts. Made entirely of **stainless steel**, this model guarantees high standards of hygiene and structural resistance suitable for intensive use. The three-level configuration allows for the management of the transport of dishes, trays, and containers, solving the critical issues related to the manual handling of heavy loads in dynamic environments such as industrial kitchens, canteens, and hospitality facilities.
