3-Sided Paneled Tray Trolley capacity 20 GN 1/1 trays h2200154

Professional double-column tray trolley entirely in **AISI 304 stainless steel** with **3-sided** closure and top shelf with railing. Capacity **20 GN 1/1 trays**, ultra-robust structure and hygienic design, ideal for dining room service and safe transport in large facilities.

The **professional 3-sided paneled tray trolley** represents technological excellence for the transport and storage of trays in collective catering. Thanks to the closure with **stainless steel sheet panels** (two side and one back), this model guarantees total protection of the load against dust and external agents, while ensuring maximum aesthetic discretion by completely covering dirty dishes from the guests' sight.

The structure is made of **AISI 304 stainless steel** with 2x2 cm square tube and bolted crossbeams, offering unparalleled structural solidity to handle up to **20 GN 1/1 trays**. A distinctive feature is the **upper service shelf**, equipped with a practical protection railing, which allows additional objects or consumables to be placed safely. Maneuverability is guaranteed by 12.5 cm swivel wheels and non-marking gray rubber corner bumpers.
