

300 kg Crate hand truck with maxi wheels h55_98

Professional crate hand truck in electrowelded steel, straight back, 300 kg capacity and Ø 300 mm puncture-proof wheels for bulky loads.

The **straight-back crate hand truck** is a professional tool designed for the intensive handling of parcels, boxes, crates and bulky goods in logistical and industrial contexts. The structure is made of **electrowelded steel tubes and plates**, treated with an **epoxy powder coating** in orange RAL 2004, which gives the support high corrosion resistance, surface hardness and operational flexibility. Ergonomics is guaranteed by **non-toxic rubber handgrips** designed to offer a secure and comfortable grip during transport maneuvers.

Technical features

- **Total dimensions:** W. 490 x D. 600 x h. 1250 mm
