

32-slot smartphone locker h46119

32-compartment smartphone locker in 18 mm melamine with ABS edges, dimensions W40 x D30 x H41 cm, white color customizable on request.

The **H46119 smartphone locker** is a compact and elegant solution designed for school environments, offices, libraries, and public spaces where it is necessary to ensure **order and security in the management of mobile devices**. With **32 separate compartments**, it allows you to store up to 32 smartphones in an orderly and easily identifiable way, reducing confusion and distractions in educational and professional contexts.

The structure is made of **18 mm melamine-faced wood conglomerate** with **2 mm ABS edges** for superior resistance to daily wear. The finished back is also in 18 mm melamine and available in **standard white color**, but **customizable on request in other colors**. An **internal MDF block with 32 fixed compartments** is integrated and firmly secured, ensuring stability and ease of space allocation for each device.

The compact dimensions (W 40 x D 30 x H 41 cm) make it suitable for being placed on a desk, inserted inside larger furniture, or wall-mounted, ensuring versatility in installation environments.
