

## 4-door medicine cabinet h582\_23

Medical showcase cabinet for medicines in powder-coated steel with 2 glass doors and 2 sheet metal doors, 3 adjustable stainless steel shelves, 75x38x169 cm, compliant with regulations.

Specialized showcase cabinet for the storage and organization of medicines in healthcare, pharmaceutical, and industrial environments. It combines visual transparency with protection: the tempered glass doors allow for quick inventory checks, while the sheet metal doors ensure total occlusion where necessary. The powder-coated steel structure ensures resistance to humidity and ease of sanitization, a critical requirement for stringent regulatory contexts.

The cabinet is designed to comply with current provisions on the storage and management of drugs, with an integrated security lock and door leaves sealed on rubber gaskets for controlled environmental insulation.

## Technical features

- **Structure:** Powder-coated steel sheet
- **Upper doors:** 2 tempered glass doors
- **Lower doors:** 2 sheet metal doors
- **Internal shelves:** 3 stainless steel shelves, adjustable on racks
- **Closing:** Integrated lock, sturdy hinges
- **Gaskets:** Door leaves on rubber gaskets
- **Dimensions:** Width 75 cm x Depth 38 cm x Height 169 cm
- **Regulatory compliance:** Compliant with current laws on drug storage
