

4-seater canteen table h908_48

4-seater steel canteen table (120x80 cm) with integrated chair guides. Robust and space-saving structure ideal for refectories and school environments.

The **4-seater canteen table h908_48** is a technical solution designed to optimize space management in school and company refectories. The distinguishing feature of this model is the integration of **under-top guides**, designed for the suspended housing of chairs and stools. This configuration allows the dining area to be kept tidy and significantly facilitates floor cleaning and sanitization operations, eliminating the obstruction of seating on the ground.

The structure is built to withstand continuous mechanical stress. The **Ø40 mm tubular steel legs** provide superior stability, necessary in high-turnover contexts. The 120x80 cm worktop is finished with **scratch-resistant** materials, ensuring a durable surface that complies with the hygienic requirements of collective catering.

Technical features

- **Dimensions:** W 120 x D 80 x H 76 cm
- **Capacity:** 4 front-facing seats
- **Frame:** High-resistance tubular steel Ø40 mm
- **Support system:** Integrated guides for seating suspension
- **Top:** Water-repellent and scratch-resistant surface
- **Stability:** Fixed feet with solid base for intensive use
