

4-seater picnic table and seating h463_23

Square 4-seater outdoor table in steel and HPL (154.5x154.5 cm), inclusive for PRM users, ideal for parks and urban common areas.

The **H463_23 outdoor table** represents an urban furniture solution designed specifically for collective contexts such as **parks, school courtyards, picnic areas and recreational centers**. The square layout integrates **4 wide seats** and guarantees full accessibility to users with reduced mobility (PRM) and parents with strollers, promoting inclusivity in public spaces.

The load-bearing structure is made of **steel subjected to anti-corrosion treatment** and finished with anti-UV powder coating in gray RAL 7016, ensuring chromatic and mechanical stability over time. The tabletop and seats are produced in **solid compact HPL with a light oak effect finish**, a high-performance material characterized by extremely high resistance to scratches, impacts, atmospheric agents and solar rays.

To ensure maximum safety and prevent vandalism, the module provides for **stable fixing to the ground via 4 anchor points** designed for bolting. Maintenance is reduced to a minimum thanks to the non-porous nature of the materials used.

Technical features

- **Seating capacity:** 4
- **Shape:** square
- **Structure:** anti-corrosion treated and anti-UV powder-coated steel
- **Structure color:** gray RAL 7016
- **Top and seats:** solid compact HPL light oak finish
- **Total dimensions:** L 154.5 x D 154.5 x H 73.5 cm
- **Seat height:** 440 mm
- **Fixing:** to be bolted with 4 anchor points
- **Warranty:** 2 years
- **Accessibility:** suitable for PRM users and strollers
- **Maintenance:** quick cleaning with water and non-abrasive cloth
