

## 4-seater spring rider for parks h35105

Spring rider designed for children's fun. Number of seats: 4. Dimensions: L. 268 x W. 31 x h. 87.20 cm.

**4-seater tandem spring rider**, ideal for furnishing playgrounds and public gardens where children can engage in recreational activities and have fun together. Consisting of **recyclable PE-HD polyethylene silhouettes** and a **steel spring assembly**. Complete with **hand and foot grips**, also in non-slip polyethylene, to ensure a good grip. The materials used are specific for outdoor use; in particular, the polyethylene is UV-resistant to ensure excellent durability over time. Fixing is carried out by **burying the brackets** at the base of the playground equipment into the ground. All hardware used for assembly is made of stainless steel and galvanized steel.

### Technical features:

- Dimensions: L268 x D31 x H82.2 cm
- Fixing: to be buried
- 4-seater
- Age of use: 0-12 years
- Manufactured according to EN1176-1; 2017 EN1176-6; 2017 standards
- TUV certified
