

4-seater waiting room bench h776_89

4-seater bench with black painted steel structure, polypropylene seats. Dimensions: W 216 x D 75.5 x H 77.5 cm.

The **4-seater waiting room bench H776_89** is designed to meet the requirements of **durability, comfort and functionality** in public and professional environments such as **waiting rooms, clinics, public bodies, hospitals and schools**. Compliant with the **Minimum Environmental Criteria (CAM)**, it represents a responsible choice for durable and sustainable collective furniture.

The structure is composed of an **80x40 mm rectangular steel beam**, painted with **black epoxy powders** for optimal protection against scratches, bumps and corrosion. The **inverted "T" legs**, in black painted steel, are equipped with **adjustable non-slip plastic feet**, for **perfect leveling on any surface**.

The **seats and backrests**, with an **anatomical** design, are made of **polypropylene** with a **non-slip textured finish**, designed to ensure lasting comfort even during prolonged use. The seat frames are made of **30x10 mm elliptical tubular steel**, reinforced with under-seat crossbars and firmly fixed to the beam via **bolted "U"-shaped plates and brackets**, guaranteeing stability and robustness.

The configuration is completed by **black nylon armrests with steel inserts**, pressure-fitted for greater solidity, and an **integrated writing tablet** with an **anti-panic joint**, ideal for training rooms, testing areas or quick reporting.

The model is available with **seats and backrests in different colors**, to adapt to every style of professional furniture.

Choose the quality and functionality of the **H776_89 bench** for your waiting areas. Order now or request a quote for multiple supplies!

FAQ:

1. **Is the H776_89 bench CAM compliant?**
Yes, it respects the Minimum Environmental Criteria, making it suitable for tenders and public supplies.
2. **Is the writing tablet included?**
Yes, and it is equipped with an anti-panic joint, for safety in school or training environments.
3. **Is it available in other colors?**
Yes, seats and backrests are available in different colors (see photos).
4. **Does the bench arrive assembled?**
No, it is supplied disassembled with assembly instructions included.
5. **Is it suitable for intensive use in public spaces?**
Absolutely yes, thanks to the robust steel structure and durable finishes.

Mini buying guide:

When choosing a waiting room bench, consider **durability, ergonomics and resistance**.

The **H776_89** model is perfect for high-traffic public spaces thanks to the **painted steel structure, ergonomic polypropylene seats, and functional accessories** such as armrests and writing tablet.

The **adjustable feet** guarantee stability even on irregular surfaces, while **compliance with CAM** makes it ideal for public bodies or certified environments.
