

4-shelf stainless steel service trolley h492_03

Stainless steel service trolley with 4 heavy-duty bridge shelves, Ø 25 mm tubular structure and silent pivoting wheels. The **h492_03 service trolley** is a professional solution designed for intensive handling within environments that require high hygiene standards and structural resistance. Made entirely of **stainless steel**, this model stands out for its 4-shelf bridge configuration, optimized for transporting heavy and bulky loads. The solid structure and precision finishes make it indispensable for dynamic workflows in the catering, healthcare, and food production sectors.

Technical features
