

4-sided multi-colored folding mat h999_35

4-part multi-colored folding mat (200x100x3 cm). Made of 25 kg/m³ foam and non-toxic flame-retardant PVC. Space-saving and safe for children's activities.

The **4-sided multi-colored folding mat h999_35** is a protective surface designed for setting up early childhood and motor education spaces. Designed for nurseries, preschools, and play centers, this support solves the need to create safe and temporary areas within multi-functional environments. Thanks to its four-part folding structure, it drastically reduces bulk after use, optimizing the available space. It is the ideal equipment to allow children to walk, crawl, carry out educational activities, and perform small gymnastic exercises in total safety. Made with high-density polyurethane foam padding and covered in strictly non-toxic and flame-retardant PVC polyester, it ensures a protected and hygienically suitable environment for intensive school use.

Technical features

- **Open dimensions (L x D x H):** 200 x 100 x 3 cm
- **Folded dimensions (L x D x H):** 100 x 50 x 12 cm
- **Structure:** Folding in four sections (4 sides)
- **Coloring:** Multi-colored
- **Internal material:** High-density polyurethane foam
- **Foam density:** 25 Kg/m³
- **Coating material:** PVC Polyester
- **Chemical properties:** Non-toxic
- **Fire safety:** Flame-retardant
- **Recommended use:** Walking, crawling, educational activities, small gymnastic exercises
