

40-liter eco-friendly hotel minibar h7618

40-liter eco-friendly minibar with silent thermoelectric system, class F, ideal for hotels aiming for maximum comfort and sustainability.

The **H7618 40-liter eco-friendly hotel minibar** represents a new generation refrigeration solution, specifically designed for the hospitality sector that requires **absolute silence** and environmental sustainability. Thanks to the innovative **thermoelectric cooling system**, the device operates without moving parts and without the use of harmful gases, solving the problem of noise disturbances in guest rooms. This model is ideal for hotels, B&Bs, and hospitality contexts wishing to offer an efficient service while reducing the ecological footprint and operating costs thanks to optimized energy management.

Technical specifications

- **Refrigerated volume:** 40 liters
- **Refrigeration technology:** Thermoelectric (CFC-free)
- **Installation:** Free-standing or built-in
- **External dimensions:** 566 x 441 x 432 mm (H x W x D)
- **Net weight:** 14 Kg
- **Energy class:** F
- **Energy consumption:** 0.28 Kwh/24hr (104 Kwh/year)
- **Power supply:** 230 V / 50 – 60 Hz
- **Power consumption:** 60 Watt
- **Color:** Black (PVC finish)
- **Certifications:** CE / RoHS

Standard equipment

- CFC-free eco-friendly polyurethane insulation
- Electronic thermostat with adjustable internal temperature
- Cyclic automatic defrosting for reduced maintenance
- Low-consumption internal LED lighting
- 1.5-liter bottle compartment integrated into the inner door
- 2 adjustable aluminum shelves
- Reversible door with sliding hinge included
