

5-seater bike rack with advertising board h14064

Galvanized steel bike rack with advertising panel and concrete sides. 5 spaces. Dimensions 2260x780x2305h mm. Made in Italy.

The **bicycle rack** is a functional piece of urban furniture. It can be positioned near parks, city centers, schools and stations.

This product is equipped with a practical board to allow the posting of advertisements and notices. The **solid removable structure** consists of **two horizontal crossbeams** made of **galvanized steel rectangular tubing** connecting the **10 shaped bike-holding brackets** made of galvanized steel round tubing and two **concrete supports** at the ends.

The **board-holding frame** is inserted on the concrete sides. The frame of the board is anchored to the frame with plates welded on the short sides.

To ensure and provide the correct protection against atmospheric agents, the galvanized steel parts are painted using a thermosetting powder **anti-corrosive primer** based on epoxy resins.

Technical features:

- Dimensions: 2260 x 780 x 2305 mm (L x D x h)
