

## 54-slot medication cabinet h823\_03

54-slot hospital medication cabinet, anti-corrosive steel, narcotics safe, PVC tambour door closure, code lock.

Professional medication cabinet intended for healthcare facilities such as hospitals, clinics, and assisted living facilities. Designed to ensure organized and secure storage of medicines and controlled substances, with a modular configuration that allows rational and rapid access to drugs.

The structure in **10/10 anti-corrosive steel treated with epoxy resin** ensures durability and compliance with high-humidity hospital environments. The **PVC sliding tambour door closure with aluminum terminal blade** combines practical use with content protection.
