

6-seater bicycle rack with notice board h14058

Bicycle rack with notice board. 6-seater double-sided. Gunmetal galvanized steel structure. Dimensions 1210x785x1980h mm. Made in Italy

The **bicycle rack** is ideal for creating parking areas for bikes near urban centers, **schools, parks, offices** and high-transit areas for commuters, such as **stations**.

In particular, this rack is equipped with a practical **double-sided notice board** ideal for advertising or for posting bus and train schedules.

The rack consists of a **spiral structure** supported by two **galvanized steel round tube posts**. To ensure safe parking, the spiral structure is equipped with a **wheel-stop** and a horizontal crossbar to allow the bike frame to be secured with locks.

This rack allows parking from both sides, for up to 6 bicycles.

The **galvanized steel structure made in Italy** guarantees durability over time and resistance to atmospheric agents.
