

60-liter wooden bin h463_01

60L outdoor litter bin in RAL 7016 painted metal and Tyrolean pine effect HPL. Robust structure W.400xD.300xH.825 mm with safety lock.

This waste container is designed to combine modern aesthetics and maximum structural resistance in high-traffic contexts. The combination of treated metal and HPL slats ensures high operational durability, solving issues related to frequent maintenance in open spaces. It is the ideal solution for public parks, university campuses, and residential areas requiring a functional urban furniture element with a refined design.
