

700 Lt HDPE cargopallet solid walls h836_19

700 Lt HDPE cargopallet, solid walls, 1200x1000 mm. Certified for food use and designed for a drainage tap.

The **HDPE cargopallet** represents a professional solution for logistics and storage in intensive industrial contexts. Made of high-density polyethylene in **grey color**, this rectangular container offers an optimal combination of robustness and hygiene. Thanks to its certification for **food use**, it is ideal for the storage and handling of raw materials or finished products in the agri-food sector, ensuring maximum safety against contamination. The **solid walls** structure ensures the protection of the contents and the necessary tightness for various types of goods.

Technical specifications

- **External dimensions:** 1200 x 1000 x 760 mm
- **Internal dimensions:** 1120 x 910 x 580 mm
- **Capacity:** 700 Lt
- **Material:** HDPE (High-Density Polyethylene)
- **Structure:** Solid walls
- **Color:** Grey
- **Designed for:** Hole for fitting a drainage tap (tap not included in the supply)

Options

- Grey loose-fitting lid
