

700 Lt perforated HDPE pallet box h836_18

700 Lt HDPE pallet box, perforated walls, 1200x1000 mm. Suitable for food contact and prepared for the installation of a drain tap.

The **industrial pallet box** in **HDPE** (high-density polyethylene) is a robust and versatile solution designed for the optimization of storage and handling of large volumes. Its structure with **perforated walls** ensures excellent air circulation, a critical factor for the preservation of products requiring ventilation or for rapid cooling processes. The certification for **food use** and the intrinsic resistance of the material make it suitable for intensive production environments and strict hygienic standards.

Technical features

- **External dimensions:** 1200 x 1000 x 760 mm
- **Internal dimensions:** 1120 x 910 x 580 mm
- **Capacity:** 700 Lt
- **Material:** HDPE (High-Density Polyethylene)
- **Version:** Perforated walls
- **Color:** Grey
- **Configuration:** Prepared for drain tap installation (not included)

Options:

- Grey drop-on lid
