

9-tray GN1/1 tray trolley h2200107

Compact stainless steel tray trolley for 9 GN 1/1 trays (42x59x87 cm). Robust square tube structure, stainless steel top shelf and swivel wheels. Ideal for small laboratories.

The **professional 9-slot tray trolley** is an agile and versatile solution designed to optimize workflows in pastry shops, bakeries, canteens, and restaurants. Made with a solid **stainless steel square tube (2x2 cm)** structure and bolted crossbars, this model guarantees mechanical stability and superior resistance to corrosion. The configuration features **stainless steel wire** runners, designed to facilitate quick insertion and removal of **GN 1/1** containers. Thanks to its low height and the presence of a smooth top shelf, the trolley also serves as a practical mobile workstation or additional support surface, solving space problems in the most crowded kitchens.
