

AdBlue transport tank h1042_06

AdBlue transport tank h1042_06 - 980 L in single-layer LLDPE polyethylene. Not subject to ADR regulations, pre-assembled with orange lid, 12V electric pump, crane eyes and automatic nozzle.

The **AdBlue transport tank h1042_06** is a 980-liter mobile system designed to allow the simple transport of urea solutions. Since AdBlue® is not classified as a dangerous good according to ADR regulations, no ADR approval is required for this container. Made with a single-layer tank in robust uncoated blue polyethylene (LLDPE) and equipped with an orange lid, the system integrates structural solutions for versatile and safe handling: forklift pockets, ergonomic handles, crane eyes and dedicated recesses for secure fastening with ratchet straps during transport. Supplied in pre-assembled condition, it includes an electric pump with 12V DC operating voltage capable of a maximum flow rate of 30 l/min, a 4-meter delivery hose (DN 19 diameter), an automatic dispensing nozzle and a 4-meter electric cable complete with battery clamps for the electrical connection.

Technical features

- **Volume:** 980 l
- **External dimensions (L x W x H):** 127 x 107 x 112 cm
- **Weight:** 107 kg
- **Usage:** Mobile
- **Installation site:** Transport
- **Material:** LLDPE (single-layer polyethylene)
- **Coating:** Uncoated
- **Tank color:** Blue
- **Lid color:** Orange
- **Lid:** Yes
- **Operating voltage:** 12V DC
- **Pump drive:** Electric pump
- **Max. flow rate:** 30 l/min max.
- **Delivery hose length:** 4 m
- **Hose diameter:** DN 19
- **Stackable:** Yes
- **Forklift pockets:** Yes
- **Crane eyes:** Yes
- **ADR regulations:** Not a dangerous good according to ADR (no ADR approval required)
- **Dispensing nozzle:** Automatic
- **Cable length:** 4 m
- **Connector:** Battery clamps
- **Suitable fluids:** AdBlue®
- **Assembly status:** Pre-assembled

- Warranty in years: 2
