Adjustable gynecological examination couch h582_164

Gynecological medical office bed. Adjustable height from 52 to 92 cm. Available in various colors.

The **3-section medical examination couch** is particularly suitable for gynecology practices. The product is indeed made with a **white painted tubular steel structure** and polyurethane padding with a density of 30. The upholstery is in washable and self-extinguishing imitation leather, contributing to the maintenance of hygiene and safety standards. The 3 sections are independent and electrically operated: the height and backrest are electrically adjustable 0°-70° via electric actuators with an extendable wired remote control, while the leg section is adjustable via gas spring 0°-90°. The article is also equipped with **360° rotatable leg rests adjustable in height and a stainless steel liquid collection tray**.

Technical features:

- White painted tubular steel structure
- Polyurethane padding with a height of 5 cm
- Washable and self-extinguishing imitation leather upholstery (fire reaction class 1IM)
- Anatomical PU leg rests, adjustable in height and 360° rotatable
- Device class: Class 1
- Power supply: 220-240V AC 50 Hz 2.5A
- Dimensions: L.193 x D.85 (including leg rests) x H.52-92 cm
- Max load capacity: 200 kg
- Available in various colors
