Adjustable nursery school table h872_10

Adjustable modular table for nursery schools. Dimensions: 670 x 550 x h 400-600 mm.

The **adjustable nursery school table** is designed to stimulate the creativity of children aged 2 to 6, offering a safe and comfortable environment. Thanks to the height-adjustable structure, it allows adaptation to the child's growth, making the table ideal for educational and creative activities. The white **melamine chipboard top** is resistant and easy to clean, while the **rounded PVC edges** ensure maximum safety. The adjustable **steel legs** from 400 to 600 mm allow for versatile use, with polypropylene tips that protect the floor and reduce noise. Certified **UNE-EN 1729-1**, it is designed for children between 93 and 142 cm tall. With this table, educators can create a safe learning environment, promoting creativity and comfort.

Choose the perfect table for your nursery school! Contact us now for more information or request a quote for larger quantities.
